

Collect Shipping Authorization

Form Revision 0.a Release Date September 1 2008

Revision Notes Initial release

Form Purpose

Shipping companies require precise billing information in order to process collect shipment authorizations. In many cases, if a single piece of information is incomplete or incorrect, all charges are backbilled to Delta RF Technology as well as additional fees. In order to prevent billing problems, customers are requested to complete this form which will remain on file until cancelled by the customer. An authorization form is required for each customer shipping address.

This signed form authorizes Delta RF Technology to use the customer's shipping account to bill shipping charges associated with products, goods, services ordered by customer. In the event the shipping company refuses or reverses charges, customer agrees to pay all charges, fees levied by shipping company in addition to a \$20.00 service charge from Delta RF Technology per incident. Signer authorizes Delta RF Technology to bill open credit account or credit card on file for these charges.

Shipping Insurance Waiver

Form Revision 0.a Release Date September 3 2008

Revision Notes Initial release

Form Purpose

Delta RF Technology Standard Terms and Conditions of Sale requires shipping insurance (value declaration) on all shipments unless customers specifically request insurance be waived. Since our shipping terms are FOB or EXW, the customer takes title to all shipments once the shipping company collects product from our facility. If shipping insurance is specifically not requested, please complete and sign this waiver. Whether or not a waiver is executed, the customer and shipping company ultimately retain responsibility for any loss. A waiver must be on file for each shipping address.

By signing this form, customer authorizes Delta RF Technology to declare \$0 valuation for all shipments and omit insurance.
